HP DesignJet XL 3600 Multifunction Printer series

Experience a new standard with the most immediate and robust MFP in the market¹

Immediate results – fastest first page out¹

- Don't wait in front of your printer with the fastest first page out, in just 29 seconds.
- Free up your time with radically simple and fast batch PDF printing using HP Click software.3
- Quickly access your personal and group folders from the touchscreen, so you can print and share right away.
- Easily digitise your projects with automated scanning, user-centric quicksets, and postediting capabilities.

A new standard – experience extreme reliability

- Built with the most robust design for demanding environments.1
- Best fit for your office with up to 30% smaller footprint and the most quiet operation.⁵
- Flawless user experience thanks to automatic media loading and print stacking up to 100
- Get the lowest running costs, with mono and colour prints at the same price and using up to 10X less energy.

Secure – world's most secure large-format printer²

- Rely on the best network protection with features like HP Secure Boot and whitelisting.²
- Control who accesses the printer and its confidential documents with secure user authentication.
- Keep your fleet secure at any time with HP JetAdvantage Security Manager.

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. More at: http://www.hp.com/go/learnaboutsupplies

¹ Based on comparable printers using LED technology and capable of printing 4-6 D/A1 pages per minute and which represent more than 70% of the share of low-volume LED printers in the US and Europe according to IDC as of November, 2018. Fastest first page out and up to 10 times less energy consumption based on internal HP testing for specific use scenarios. Operational costs based on low-volume LED technology under €17,000 in the market as of November, 2018. Operational costs consist of supplies and service costs. For testing criteria, see http://www.hp.com/go/designjetxlclaims.

² Requires purchase of the HP DesignJet XL 3600 Multifunction Printer series PostScript models or optional HP DesignJet PostScript/PDF Upgrade Kit.

³ Advanced embedded security features are based on HP review of 2019 published embedded security features of competitive printers, as of February 2019 ⁴ Using Lightweight Directory Access Protocol (LDAP).

^{30%} smaller footprint based on comparable printers using LED technology and capable of printing 4-6 D/A1 pages per minute and which represent more than 40% of the share of low-volume LED printers in Europe according to IDC as of November, 2018. Measure done considering operational footprint (with the media drawer open). Most quiet operation based on comparable printers using LED technology and capable of printing 4-6 D/A1 pages per minute and which represent more than 70% of the share of low-volume LED printers in the US and Europe according to IDC as of November, 2018. Most quiet according to internal HP testing of operation mode and ready/sound mode sound pressure (plain paper, line drawing, normal mode) compared to published specifications of competitive printers. For testing criteria, see http://www.hp.com/go/designjetxlclaims
